Blood Horse Association. We are informed that our Blood Republic cannot ensure. Horse Association will soon petition the County Court to change its name to that of the "Agricultural and Mechanical Society." This change of name will lend to many commendable changes in the fertures of the Association. Racing will be abandoned, but the track will still be retained as a speed ring. If the sale of the valuable lots at the fair grounds now offered by the Association is a pecuniary success, the remaining grounds will be improved in a handsome manner and arrangements will be made to make our future fairs worthy of a large and wealthy county. The sale of these lots is for the purpose of procuring means to liquidate the debt of the Association and enable the society to make the improvements mentioned. We sincerely hope the lots will bring good prices.
